Resume Summary

Summary

With over 13 years of experience in IT management, system integration, network security, server administration, and backup processes, I am a seasoned professional in the field of information technology. As the founder of BİHOSTNET, I provide web hosting, domain, and software development services. As a Full Stack Web Developer, I have expertise in developing user-centric web and mobile applications using modern technologies. I specialize in PHP PDO-based management systems and custom software solutions tailored to client needs. My technical knowledge and leadership skills enable me to coordinate teams and successfully complete projects.

Experience

Projects

bihostnet.com

February 2020

https://www.bihostnet.com/

Bihostnet is a company founded on the basis of innovation, dedicated to helping
you grow in the digital world. We focus on result-oriented, sustainable, and
predictable solutions, offering comprehensive technical and consultancy services
in the fields of software and hardware. Our mission is to strategically develop and
implement projects to enhance the efficiency of our clients' continuous operations,
providing suitable e-platforms to support this goal.

İdrak Liseyi

September 2019

https://idrakliseyi.com/index.php/az/

A comprehensive school was established from scratch, featuring an extensive range of systems and services. This included the setup of an IP telephone system, access control system, internal server configuration, multi-camera security system installation, and bell system. Custom e-school software was developed and launched on both iOS and Android stores. A dedicated live lesson system was implemented, along with accounting software. Additionally, a professional Wi-Fi internet infrastructure tailored specifically for schools was created, and the school's firewall installation, network cabling, and configuration were upgraded.

Hazar Koleji

September 2017

https://hazarkoleji.com/tr/

Hazar Koleji tüm şuıbeleri yeniden yapılandırılarak, Eğitimde kullanılan Teknolojileri sonuna kadar kullandık. Hazara özel eokul sistemi , Özel Canlı Ders Sistemi, Kontrollü Akıllı tahta sistemi gibi web siteleride yeniden hazırlandı.

Cahan Holding

June 2014

https://cahan.az/

Cahan Holding web sitesi yeni baştan yazıldı. Çok büyük bir ekip ve işinde profesyonel uzmanlarla birlikte görev aldım.
